

MARBELLA SUNSET

"More than an object, this luminous sculpture is a harmony of nature, craftsmanship, and light — where golden sunsets meet ethereal radiance."

MARBELLA SUNSET

Marbella Sunset embodies the
balance between light and material.

A luminous sculpture, part of a limited edition.

Inspired by the golden sunsets of Marbella, this luminous sculpture explores the dialogue between light, material, and space.

Its organic form diffuses light into atmosphere, while handcrafted variations make each piece subtly unique.

Unique artisan brass, 24k gold-plated, with suspended natural capiz shells. An ethereal object, hand-crafted from noble and pure materials, integrating an energy-efficient, wireless, touch-sensitive LED system.

Title: Marbella Sunset

Designer: Berta Muñoz

Object: Luminous sculpture

Materials: Brass & 24k gold

Light source: Wireless touch LED

Dimensions: 67 x 38 x 38 cm

Edition: Unique piece 1/7

Production: Handcrafted

Year: 2026

BERTA MUÑOZ

transforms light into an emotional language.

ARTISAN DESIGNER

Berta Muñoz is a multidisciplinary designer based in Marbella, where light becomes her language and the sea her inspiration.

She began her journey in Interior Design at Cesine Design School, developing a sensitivity to space, atmosphere, and the emotional power of design—later enriched by travelling across Europe and the Middle East, drawing inspiration from master artisans. She is currently expanding her practice at Central Saint Martins in London and in the Netherlands, exploring contemporary lighting, experimental materials, and handcrafted forms. Her work fuses artisanal luxury with luminous experimentation, translating the sensuality of Marbella's coast into ethereal objects crafted from unexpected materials.
